

ME Governance Structure
As Of 1 Jun 2009

Relevance

NCOs are the best voice for the Warfighter

They have operational experience at many levels of use and command. NCOs were once Privates and have supervised many Soldiers. They are the subject matter expert from the foxhole.

Communication

NCOs talk to Soldiers in the field about AMC.

They provide ground truth on issues from Soldiers actually living the “support” we provide.

Experience

NCOs have worn the equipment / uniforms developed and provided by AMC.
NCOs have turned the wrench to fix the weapon systems provided by AMC.
They live our support (good or bad). You can capitalize on their operational and field experience.
