

ARMY MATERIEL COMMAND

AUSA: Summer Symposium & Exposition

LTG James Pillsbury

Responsible Withdrawal and Reset

- This is not Desert Storm
 - Executed while we're in contact – the sustainment mission continues
 - Non-linear battlefield
 - Still fielding new/updated capabilities while we're executing withdrawal
 - Putting the right capabilities in the hands of the Iraqis and coalition partners

- Dynamics
 - This will not be a short mission
 - Funding?
 - Key players – OSD to BCTs
